## STUDENTS ASSURE ADOPTION OF NEW TICKET SALE PLAN

Five Hundred and Twenty-two Accept Extra Assessment Voluntarily; Sigma Alpha Epsilon and Sigma Kappa Have Most Signers Of Petitions Among Fraternal Groups

Complete success of the proposed change in sale of interscholastic tickets was assured Saturday noon, when compilations showed that of 815 students who had paid registration fees, 522 had accepted voluntarily the \$1 assessment. This was the information given out yesterday morning by Billy Burke, Lewis-town, A. S. U. M. business manager, in charge of the new plan.

Statistics as given out by the Business Office indicate that nearly 65 per cent of the students who had paid fees up to Saturday noon were favorable to the new method. The 815 students who have paid their fees represent about 70 per cent of the students who will pay fees. It is estimated that if the remaining students react as favorably, in excess of 700 people will express their approval of the \$1 assessment.

Dr. J. P. Rowe, chairman of the Committee for 29 years, since the big week was begun in 1904, said yesterday, "This favorable reaction of the students to the new ticket sale method is very gratifying. Poor business conditions and the general depression are not unknown locally, and this year, augmented by poor financial results of past years, the financing of future interscholastic has been the source of great worry to the committee. This action on the part of the students will help allay, in great measure, those fears. It is an expression of co-operation and assistance which brings us a great deal of confidence in our plans for this and future interscholastic weeks."

### Group Response

The following figures indicate the response to the petitions by different campus groups. They do not, however, indicate the actual response to the assessment at registration time as many students were assessed who had not signed the petitions.

Fraternal:	Pet.
Sigma Alpha Epsilon	75.0
Phi Delta Theta	68.0
Sigma Phi Epsilon	63.0
Alpha Tau Omega	50.0
Kappa Sigma	42.5
Sigma Chi	41.5
Delta Sigma Lambda	30.6
Sigma Nu	26.4
Sororities:	Pet.
Alpha Phi	69.0
Alpha Chi Omega	45.7
Alpha Xi Delta	65.0
Delta Gamma	61.8
Kappa Alpha Theta	60.0
Kappa Kappa Gamma	68.3
Sigma Kappa	75.0
Zeta Chi	30.0
Sigma Alpha Epsilon and Sigma Kappa	30.0

Kappa led the social groups in number of petition-signers, both having 75 per cent.

## Preliminary Summer Announcements Give Information Concerning Session

Many Features Are Scheduled for the Nine Weeks of Instruction Which Will Include Educational and Writers' Conferences

Preliminary announcement of the 1932 Summer Session at the State University includes information concerning the faculty and the courses to be offered in seventeen departments and schools of the State University. The Department of Biology offers courses in biological problems and independent work, open to students interested in selected fields. Dr. M. J. Elrod is chairman of the Department of this department, and G. A. Matson will be assistant professor. Other courses will include nature study, elementary zoology, bacteriology, physiology and genetics.

Dr. J. W. Severy will be the professor in the Department of Botany. Courses include general botany, introduction to systematic botany, research and independent work in botany.

### Business Administration

The School of Business Administration will include Prof. Robert C. Line, Assistant Prof. E. Kirk Badgley and Emily MacLay as instructors in the school. The courses offered include: Montana economics and commercial problems, marketing, industrial geography, accounting, teaching of commercial subjects in secondary schools, typewriting, shorthand and independent work in business administration.

Prof. Harry Turney-High is chairman of the Department of Economics and Sociology for the summer session. Courses offered in this department include:

## Women Hold Final A. W. S. Ballot Friday

Scarcity of Candidates Necessitates Elimination of Primary Election

Because there are only two candidates competing for each office of A. W. S. executive board, the election to be held Friday, April 1, will constitute both the primary and final ballot. At the regular meeting of the governing body held yesterday, Mary Breen, Bridger, and Frances Ullman, Big Timber, were nominated for the office of president. Emma Bravo, Sand Coulee, and Hazel Thomas, Terry, will compete for the office of vice president and Lina Greene and Lovina Hart, Missoula, are candidates for the secretary's position. Petitions were submitted for Joy Browning, Belt, and Jane Tucker, Great Falls, to compete for the office of treasurer.

Requirements of those running for president of A. W. S. are that the nominees submit a petition with at least ten signatures, one week before election is scheduled, with their eligibility certificates. The candidates must also have attained junior standing in years, at the time of election, which means that the one who is selected will hold office her senior year. It is customary but not required that those competing for vice president be seniors during their term of office.

Booths will be maintained Friday in Main hall and the Library from 10 until 12 o'clock in the morning and from 1 until 4 o'clock in the afternoon by members of Spur to permit those women who have paid their A. W. S. dues, to vote.

Successful candidates will take office soon after election. Outgoing officers and the offices they have filled for the school year, 1931-32 are: Ella Pollinger, Missoula, president; Julia Patten, Columbus, vice president; Frances Ullman, Big Timber, secretary and Mary Breen, Bridger, treasurer.

### COLBYS HAVE SON

Word has been received here of the birth of a son, Edmund, to Mr. and Mrs. Lester A. Colby of Evanston, Ill., on March 19. Both Mr. and Mrs. Colby are former students here. Mrs. Colby was Elizabeth Johnson before her marriage, and was graduated with the class of 1927.

## Picture Schedule For 1932 Sentinel Nears Completion

Remaining Pictures Will Be Taken Wednesday Afternoon and Evening

Final pictures for the 1932 Sentinel will be taken Wednesday. It is absolutely imperative that all groups scheduled below report for these pictures, as these will be the last of the Sentinel group pictures taken this year. Walter Cooney, Sentinel editor, announced today.

Wednesday afternoon the following pictures will be taken on Dornblaser field: Varsity Track Squad, 4 o'clock; Freshman Track Squad, 4:15 o'clock.

Following this, these pictures will be taken in front of the men's gymnasium: M club boxers, 4:30; minor sports team, 4:45; M club, 5 o'clock. The men requested to appear for the M club boxers' picture are those men who participated in the boxing events at the M club tournament this year. All of the men who made the trip to Bozeman to participate in the intercollegiate minor sports meet, are requested to appear for the minor sports team picture and the M club picture consists of all men who have won varsity letters at the State University.

Wednesday afternoon at 5:15 o'clock the debate league picture will be taken in the Little Theater. All members who have participated in debates here this year should be there at that time to have their pictures taken. In case of uncertainty, students should see Darrell Parker, debate coach for further information.

At 7:15 o'clock the last picture of the group will be taken in the Little Theater. This will be the Interchurch Fellowship group. Students in doubt as to whether they should appear in this picture should see Jesse Bunch at once.

## Newly Promoted Officers Direct Grizzly Battalion

Twenty-four Men Are Given Higher Ranking in Student Corps; Orr Is New Major

When the State University students turned out Monday afternoon for the first spring quarter meeting of the Grizzly Battalion of the R. O. T. C. unit, they were greeted by a new staff of student officers.

Students who have been promoted to higher ranking in the unit are: Major, William C. Orr, Dillon; Captains, William T. Boone, Deer Lodge; Robert W. Breen, Butte; Delavan Davis, Butte; John C. McKay, Noxon. First Lieutenant, David P. Silva, Honolulu.

Students who have been promoted to sergeant ranking are: Charles Bell, J. Howard, Coon, Lawrence Prather, Merth Thompson, Missoula; Norman Mikalon, Spokane; Mike Murphy, Anaconda, Lewis Coriell, Stanford and George Koyl, Kalispell.

New corporals selected were: Donald V. Creveling, Cascade; W. A. Disbrow, Missoula; Ted J. Fitzpatrick, Missoula; John Grierson, Myers; Clarence Pearson, Billy Hebard, Rodney McCall, L. McDaniel, Missoula; F. Alton Miller, Great Falls; Kenneth Woodward, Los Angeles, Calif.

## Debaters Argue With Mines Team in Butte

Magnuson and Swanberg Debate on Bi-Metalism Question

Melvin Magnuson of Helena and Stephen Swanberg of Great Falls left Missoula Monday afternoon for Butte to debate with a School of Mines team in the auditorium of the Engineering building there. The State University debaters will take the affirmative side of the question: Resolved, That the United States should Abandon the gold standard.

"The question of bi-metalism is of especial interest at this time due to its connection with international affairs. At the present time a senate investigating committee is working on the question with the view to helping the silver situation. These factors will help a great deal in making this debate an interesting one," stated Darrell Parker, Varsity debate coach.

Both Magnuson and Swanberg have been active in debate here. Last quarter Magnuson represented the State University in the debate with a Pittsburgh team.

Harvey Thirloway, Butte, and Mac Carmine, Missoula, lost a two-to-one decision when they represented the State University in a debate with the School of Mines last quarter. They upheld the negative side of the question: Resolved, That Congress should enact legislation providing for centralized control of industry (constitutionality waived).

### PRESS CLUB WILL MEET

Press club will meet Wednesday at 7:30 o'clock in the Journalism Shack. A talk will be given by Prof. J. H. Ramskill of the School of Forestry. Plans for the spring quarter will be discussed, and the evening will conclude with refreshments and a social hour.

## Hospital Ship Takes Van Wald to Alaska

Carlos Van Wald, a junior in the Department of Fine Arts, left for Alaska Monday afternoon, after spending the winter quarter at the State University. For the last several years Van Wald has spent from three to six months working on a federal hospital ship in the vicinity of Nome. This time he will remain until late in November, when he will again return to the campus.

During his several years in Alaska Van Wald has collected a large number of articles used by the tribes of Eskimos in their daily life. In his collection of souvenirs he has a bow and several arrows used by Eskimos in hunting; a five-foot harpoon used in seal and polar bear hunting; an Eskimo jacket; slippers, and sacred totem pole.

Lewis Johnson of Malta has enrolled in school this quarter after a two quarter absence.

## SPRING ENROLLMENT SHOWS BIG INCREASE OVER FORMER TOTAL

Attendance Exceeds That of Last Year By 104 Students and That of The Preceding Spring by 95; Gross Enrollment Also Shows Decided Increase

Saturday, March 26, the enrollment for the spring quarter at the State University totalled 1,310 students. This exceeds the enrollment of last year at the same time by 104, and of two years ago by 95. To date, the gross enrollment for the year 1931-32 totals 1,637, which is 66 more than the gross enrollment of a year ago, and 65 more than that of two years ago.

## Group Will Meet Tuesday to Plan Sports Program

Fate of Interfraternity Competition in Minor Sports Will Rest With Committee

Final arrangements regarding eligibility, schedule and competition for the revival of interfraternity sports competition at the State University will be made when the Interfraternity council committee on the re-introduction of interfraternity sports meets with Harry Adams, instructor of physical education, at 2 o'clock today in the men's gymnasium.

Interfraternity sports competition was abolished in 1923 because of disagreements arising between the fraternities regarding the presentation of trophies and other awards.

"Indications are that much interest will be taken in interfraternity sports if revived to suit present conditions," was the statement of Robert Hendon, chairman, after the committee had made a favorable report on the possibilities of such a revival at a meeting in early March.

The revival of interfraternity sports will mean the re-introduction of regular minor sports competition between the fraternities in baseball, tennis, track, golf, water sports and horse shoes.

The committee is composed of Robert Hendon, Lewistown, chairman; Harold Dean, Plains; Owen Loftsgaarden, Big Timber, and Hubert Simmons, Red Lodge.

## Last Year's Spurs Receive Emblems

Inactive emblems were presented to last year's Spurs at a tea given in their honor by the active Spurs last Saturday, March 26 at the Alpha Chi Omega house.

Although smaller in size, these emblems resemble those worn by the active members. They are cut in the shape of a spur from gray and gold felt and are mounted against a maroon background.

Mrs. Charles Clapp and Mrs. R. H. Jesse poured at the tea, and Dean Harriet Sedman and Mrs. Ann Rambeau were in the receiving line.

## Independent Organization Will Hold Mass Meeting for Election of Council

Twelve Students Will Be Elected to Replace Present Council; Plans For Next Year Also Will Be Discussed

Members of the independent organization will meet in the Little Theater for their second annual council election at 4 o'clock today. Twelve council members will be elected at this meeting. Four delegates-at-large and eight other council members from the four classes will be chosen at the election. The delegates-at-large may be either men or women while the two members of the council from each class must be one woman and one man.

The four delegates-at-large whose terms expire with the meeting are: Peter Meloy, Townsend; Tom Mooney, Missoula; Georgia Mae Metlen, Dillon, and George Boileau, Milltown. The class council members who go out of office: seniors, Wilma Schubert, Great Falls, and Tony D'Orazi, Missoula; the juniors, Millard Everson, Whitefish, and Emma Bravo, Sand Coulee; sophomores, Gene Hunton and Gladys Mayo, both of Missoula, and freshmen, Dick Shaw, Missoula, and Mary Knoble, Kalispell.

### Will Take Office

The council members who are elected at this meeting will take office immediately after election. The first meeting of the new council will be tomorrow at 4 o'clock in the independent office in the Little Theater.

Besides the election at the meeting this afternoon, financial matters and

## THE UDDLE

### WHY PLAN?

If your fellow comes at seven The davenport will seem like heaven. Seven-thirty is not too late. A nice, soft chair you'll probably rate. Eight o'clock is the proper time To fit dining room chairs into this rhyme.

If he should wander in at nine, Likely, the kitchen table will be fine. Nine-thirty is often quite bad If sitting on stairs will make you mad. At 10 o'clock, say good night at the door Unless you'd like some pillows on the floor.

The best suggestion we can make For both yours and the fellow's sake Is to set out for a long, long walk. Not to neck but just to walk.

He'll ask for another date just as soon If you spend the evening admiring the moon.

In fact, he'll probably ask you quicker If the sisters can't sit and snicker. At efforts crowded by time and space To put out a line and haul in a case.

You can take our advice or leave it alone.

It's really offered in a doubtful tone For you can't make plans thus and so In Missoula, where it will either rain or snow.

The columnistic debut of one unacquainted with things journalistic and more particularly the flourish and subtlety of Herr Had, is herewith presented.

The aforementioned uncle is encased amid pillows, swaddlings and ointments this very day, recovering from an attack of changing from his winters.

Just because of the beer in the glass is no sign spring is in the air. Proverbs 4:32 or was it Confucius.

We must be guided by the first principle of journalistic ethics—no plagiarism, that is, we will make no mention of openings, the Milwaukee tracks, blondes, skiing or home brew. It is with apologies that we even print a poem.

Here's a go, Brother Brisbane, Peep Peep Winchell, Bugs Baer and Mr. Rogers.

After all these troublesome times in the Far East and what with the beating of drums and the launching of the marine for the protection of the missionary, it is with relief that we once more saw our very own little army marching and counter marching yesterday.

It is a very thrilling sight indeed to observe the grim purpose on those young faces; to note the steadiness of rank and above all the high resolve to win.

This column writing does give one an opportunity to express the soul-smoldering of four years.

Our chief bore is the one who would constantly narrate his tales of prowess in local beer gardens—his capacity to drink innumerable bottles.

We extend our sympathy to the awkward youngster making his first appearance at one of the sorority houses who finds himself seated amid scenes of fervent osculation—and lighter vice—where the air of sophistication reigns supreme and who is eventually confronted with the information that "Jane has already gone out."

We are depressed with those who, no matter where they are, take it upon themselves to entertain everyone. Such persons are always too loud.

We admire professors who are genuinely interested in their work, who pay no attention to the grade curve and who do not hold us up to ridicule for our own simple views.

We think, also, that interfraternity athletics should be placed on the calendar. It would engender spirit.

We also think—but what difference does it make—nothing will come of it—anyhow we enjoyed this—no end.

We actually heard thunder and saw lightning yesterday, which puts the "boo" on our griping that spring will never come. Easter played us false by being gloomy all day but in spite of the weather we have managed to imbibe some of the spring spirit. Friday is April Fool's day, but even so, four organizations have dared to have dances. We hope it will be safe for guests to accept invitations without endangering life and limb.

## Catholic Students Plan Dance Friday

Newman Club Will Act As Host at All-University Dance

The Newman club, Catholic organization of State University students, will usher in the spring social activities with an open dance at the women's gymnasium Friday evening, April 1.

Preparations for the affair, which will be the only one of its kind to be sponsored by the club this year, are nearly complete. The women's gymnasium will be decorated appropriately. Junior Dean's orchestra will furnish the music. Favors will be distributed at the door. Pains are being taken by the club to make the event an enjoyable one.

The affair is in charge of a committee consisting of Jack Coleman, chairman; Martha Kimball, decorations; Eddie Dussault, tickets. Tickets for the dance are now obtainable from any member of the club or the committee.

Dr. and Mrs. Charles H. Clapp, Prof. and Mrs. Brassil Fitzgerald, Prof. and Mrs. I. W. Cook and Mr. and Mrs. F. H. Cooney will act as chaperons for the evening.

## Publicity Journal Uses Nelson's Poem

Robert F. Nelson, '31, is the author of a poem entitled "Crowd in a Waiting Room," in a recent pamphlet sent out by the Publicity Journal of the Western Reserve University of Cleveland, Ohio. Nelson is well known to the students of the State University both because of his literary work and his athletic ability.

As an undergraduate Nelson did a large amount of writing, some of which was published in the Frontier. He was also an outstanding athlete during his school career here. He is holder of the state intercollegiate high jump record of 6 feet 1 inch.

Nelson graduated from the College of Arts and Sciences as an English major. He is now studying social service work at Western Reserve university.

Mrs. Edward Erickson of Harlowton arrived in the city Saturday afternoon to visit her daughter, Marianne.

Mrs. Edward Erickson and daughter, Marianne, were dinner guests at the Kappa Delta house on Sunday.

## Dean Spaulding Talks To Scientific Society

Dean T. C. Spaulding gave an interesting talk on "Precipitation Trends in Montana and North Dakota" at the meeting of Sigma Xi held Friday evening at 8 o'clock in the auditorium of Main hall. He showed the curves of precipitation over periods of time dating over 60 years, indicating that the general trend has been downward. This downward trend is a determining factor in the gradual depletion of the ranges north of South Dakota-Wyoming borders, increasing forest fire hazards and directly affecting dry land farming and livestock pasturage.

Mrs. Mary Shope Davis concluded the program with two violin selections, "Dedication," by Saleski, and a Negro minstrel number, "Nobody Knows the Trouble I See."

Elizabeth Kileman has returned to school from Great Falls where she visited between quarters.

Rev. Jesse W. Bunch, student pastor, preached in Paradise last Sunday morning.

## To MEN only!

NO NEED to park a "Girls Keep Out" at the top of this advertisement. They'll shy off quick enough when they find out what it's about.

For it's a strictly masculine privilege—solace, satisfaction, retreat, call it what you will—the joy of smoking a pipe!

It's the smoke "for men only," any girl will agree—one of the few rights the women haven't crowded us on. And the only smoke for men, many a thoughtful smoker calls it. For the deep consolation and rare comradeship of a mellow, richly aged pipe are something every man does well to know.

And you taste the rich satisfaction of pipe smoking at its best when you fill up your bowl with Edgeworth. There's a tobacco that's made for a pipe. Cool, dry, slow-burning. Blended of fine, mellow, full-flavored burleys.

You've a rare smoke coming if you've never tried Edgeworth. You will find Edgeworth at your tobacco dealer's. Or send for special free sample packet if you wish. Address Larus & Bro. Co., 105 S. 22d St., Richmond, Virginia.

### OREGON'S ATHLETIC SITUATION

The merging of Oregon's five institutions of higher learning under one head, which was necessitated by unfortunate financial circumstances in that state, has brought a new problem before the Pacific Coast conference athletic arbitrators. Under the new Oregon plan, students will be allowed to transfer from one institution to another as their academic schedules require, which will conflict seriously with the present athletic rulings.

The regulation in question states: "No student shall represent any institution in the conference until he shall have been in residence two semesters or three quarters, and until he shall have earned 24 semester hours or 36 quarter hours of credit."

With the spread of courses, it is likely that few students will be able to spend the entire four years in the same institution. Since both the University of Oregon and Oregon State college are members of the conference, they would therefore be severely handicapped in their athletic endeavors were they required to abide by these rules.

Circumstances alter cases, and in this instance it would seem quite wise for the conference officials to qualify these rules, excepting the Oregon institutions from these stringent requirements.—Washington State Evergreen.

# Forty-four Track Men Turn Out for Season Of Varsity Competition

Bad Weather Still Prevents Intense Outdoor Workouts for Cinder Artists; Glenn Lockwood Is Only State Record Holder On Grizzly Squad This Year

Inclement weather is still holding back the track men in workouts. Although the first two weeks are given over to easy workouts to condition the men it is impossible to do much in this phase with the present weather conditions. The work of reconditioning the track will begin as soon as it is dry enough to permit working upon. Forty-four men have turned out for Varsity track this spring. The freshman list, not yet completed, shows 40 yearlings working for a numeral in track. The final number is expected to be near ninety for both freshmen and Varsity lists.

**The Squad**  
A preliminary list of the Varsity trackmen and their events as given out by Coach J. W. Stewart follows: 100-yard dash—Robertson, Griffin, Burke, Covington, Caven, Bills; 220-yard dash—Robertson, Griffin, Caven; high hurdles—Spanulding, Vickerman, Dahlberg, Agather; low hurdles—Caven, Agather, Spanulding, Bills; 440-yard run—Covington, Bills, Loftsgaarden, J. White; 880-yard run—R. White, O'Neil, Glenn; mile run—Watson, Twest; two-mile run—Steensland, Benson; pole vault—Burke, Lemire, McDaniel, Rossiter; high jump—Bainton, Dahlberg, Good, Rossiter, Vickerman; broad jump—Flint, Robertson, Bainton, Vickerman; shot put—Murray, Peterson, Reynolds, Bell; discus—Cox, Crego, Peterson, Murray; javelin—Lockwood, Schulz, Hawke; unassigned—Carroll, Coriell, Hair, Johnson, Smalley, Stearns, Taylor, Wickware, Erickson.

This list is subject to change by eligibility rules which affect any student's extra-curricular activities, and changes made by Coach Stewart.

Lockwood is the only state record-holder on the squad. He established a new mark of 190 feet 9 inches in the javelin throw last year. The 100-yard dash has a number of strong competitors in view of the efforts expended last year. Caven and Robertson look promising in both the dashes.

**Hurdles**  
In the high hurdles both Spanulding and Vickerman showed up well last year. Caven again appears in the low hurdles event with strong competition, but because the squad neglected to pick one last year.

The track squad has not yet had a chance to drive the spikes in the ground nor throw around the field furniture, so no comparison of last year's strength with this year's possibilities are yet obtainable.

Russell Sweet, formerly of Miles City, the State University and points west, was appointed head coach of Menlo Junior college—a sort of subsidiary of Stanford.

While here, Sweet tore down track records like a hurricane would level a silo. He set a conference record of 9.7 for the 100-yard dash and set two new state records in the dashes. In one dual meet he took places in four events, the sprints and the high and broad jumps.

A bit of wind ruled out a new world record for Sweet in the 100-yard dash. His time of 9.2 seconds was disregarded. He holds wins over such speedsters as Frank Wykoff, Charley Borah, both of South California; Claude Bracey of Rice Institute, Cy Leland of Texas Christian, and Hee Dyer of Stanford. With Leland, Simpson and Toland, Sweet set a new world record in the British-American games when they finished the 400-yard relay in 37.5 seconds.

Bobcat-Grizzly game officials have been chosen. They are: Sam Dolan, Corvallis, Ore., referee; Dr. Beal (Denver university), Anaconda, umpire; Hicks (Idaho), head linesman; Cubs Dayliss (Montana), Billings, field judge.

Stewart does not expect to put his men on the grind until probably the first of next week. The cold weather is one element which helps the doctor—and runs up the doctor bills as a result of pulled tendons and other track pestilences.

Not until after April 25 will the track squad be able to work on Mondays because of R. O. T. C. Uncle Sam should take the hint and have a war. What he couldn't do with an army of track and football men. But, of course, if the rules committee goes on with their present policy—well, then we have nothing to say.

**RECEIVES SCHOLARSHIP**  
Frances Faick, '31, graduate from the Department of Fine Arts, was recently granted a Carnegie art scholarship for the coming summer. Miss Faick has been teaching this year in the Lewistown public schools.

## State University Equips Golf Links

In preparation for spring golfing, the maintenance department of the State University has bought a Fordson tractor, and has begun the work of rolling the fairways of the golf course. Formerly the rollers for the golf course were pulled by horses, and took much time to do the work. This year, by using the tractor, the length of time required to do all of the rolling will be considerably reduced. Besides rolling the golf course fairways, the tractor will be used to pull a large power mower over the large plot of sod adjoining the links.

During the past week the maintenance department has been filling holes in the roads on the campus with gravel and has been doing the regular spring road grading.

## Pacific Coast Conference Olympic Outlook

Stanford with Southern California probably will present the mightiest array of Olympic competitors of any two schools in the world when the tenth Olympiad opens in Los Angeles this summer.

Ben Eastman, a junior at the Palo Alto school, will probably head the Stanford track men and attempt to hurl himself across the quarter-mile distance for a new world record. Last year he spiked his way in a long, even-strided lope to tie the record of 47.4 seconds and hurried through the 880 in 1:53—rapid time in any league. He cut down the field in the 880-yard run but had to be content with section in the 440 in the L.C.A.A.A.A. track meet last year. With a running start, handicapped by a two-turn track, he has turned in a time of 46.9 seconds for the quarter-mile this year.

Bob Jones has thrown the discus over 150 feet this year. His best mark—159 feet 2 3/4 inches—was good enough to take the L.C.A.A.A.A. championship last year. Henri Laborde has been getting the platter out over the 50-yard mark this season. With these two boys chasing each other, either one may throw the thing out of sight.

Although not record-breakers, John Lyman and Nelson Gray may land a place to compete with the world's best in the shot put. Both have marks of better than 49 feet already this season.

Either Bill Miller or Burt DeGroot may make the German balloonists look like submarine operators. Miller has vaulted 13 feet 6 inches this year, but is suffering from an injured tendon, probably from descending from that altitude. DeGroot cleared that distance last year, the height always having been sufficient to place a man on an American Olympic team.

## Youth Conference Features Speakers

Best and Clifford Lead Religious Forum Here in April

Dr. Henry R. Best and Dr. Cecil Clifford, young peoples' leaders, will offer their leadership at the Western Montana Youth conference to be held in Missoula on April 8 and 9.

The Youth Conference has prepared a program of fun and fellowship in addition to a forum on religion designed to offer guidance to the young people of Western Montana in facing the more serious problems of life.

A banquet will be held on Friday evening, April 8, at the First Methodist church of Missoula where Dr. Best and Dr. Clifford will speak on "Youth Faces Life's Problems" and "Youth Faces Life's Opportunities," respectively. The following day, April 9, a forum on religion and fellowship will be indulged in. Recreation will have an important part in the conference where games will be played between periods of discussions. The Saturday session will be held at the women's gymnasium of the State University.

Rev. Jesse W. Bunch has issued letters of invitation to the different ministers and the youth of Montana for the coming event.

## Oakes Plans New System Of Offense

First Spring Football Scrimmage Session Will Be Held Tomorrow

Forty-four candidates for a place on Coach Bunny Oakes' 1932 football eleven will race through a play scrimmage Wednesday afternoon. This is the number which has been out for practice to date this spring.

Oakes is optimistic regarding the new offense which he is building. The style, which is a deviation from any used by Montana in the past, is not an intricate one, but needs much polish before it can be put into operation. "The men are picking it up rapidly with a degree of enthusiasm which is promising," Coach Oakes stated yesterday. Because of the new offense, Oakes sent out an urgent appeal to all gridiron aspirants to report for practice as soon as possible.

Because of a conflict in the track and football seasons, a procedure to permit freshmen interested in both branches of the sport, to participate in them has been agreed upon between the track and football coaches. The men are to report to Coach Oakes for the first six weeks of the football training season and then to Coach Stewart for the last six weeks of track. This procedure was adopted in order to enable freshmen to better prepare themselves for the Varsity next fall.

Those who have reported to date are: L. Anderson, V. Almich, D. Brown, H. Barnes, A. Benton, B. Burns, A. Cosper, C. Crowley, K. Carpenter, L. Dailey, C. Emery, E. Furlong, R. Glider, R. Erickson, D. Hinman, V. Hagins, L. Hartsell, B. Heller, C. Lyman, H. Lash, D. Meeker, V. Oech, L. Prather, E. Peete, M. Peterson, N. Rhinehart, A. Root, H. Shaw, L. Storey, G. Sayatovich, J. Spurlock, C. Swanson, F. Vesel, A. Vidro, J. Sullivan, W. Scott, C. Stroup, E. Link, E. Montgomery, J. Roberts, T. Quinlan, F. Hardison, F. Wilson and W. Williams.

The R. O. T. C. unit drill on Mon-

day is taking most of the men away on that day but practice will be held for the men not engaged in "army." The remainder of the squad will hold workouts at 3 o'clock on the remainder of the week and 2 o'clock on Saturdays. Either Friday or Saturday is to be set aside as "Game Day" and the student body is invited to watch the men in practice scrimmages. The day of the first "game" has not yet been set.

Practice sessions have been held on

the freshman field because of the soggy condition of Dornblaser field. Crews are at work attempting to put the sod on Dornblaser field in the proper condition before the squad works out on the field.

George O'Dell submitted to a major operation at St. Patrick's hospital Friday.

Lois Spraul, Roundup, has withdrawn from school.

## COLLOQUIUM MEETS TUESDAY

Colloquium will meet in the Home Economics laboratory Tuesday, March 29, at 4 o'clock. Prof. L. W. Bealer will review Stuart Chase's "Mexico, the Two Americas." There will be a social half hour and refreshments preceding the review. Students, townspeople and faculty members are invited to attend.

## Theta Sigma Phi Asks Nominations For Matrix Table

### Journalism Group Requests Campus Organizations to Name Prominent Women

Letters will be sent out today to approximately twenty student organizations asking them to nominate their two most outstanding women members to be guests at the Matrix Table to be held by Theta Sigma Phi Tuesday, April 12. These women, who are to be selected because of their activities in the State University, will be the only students outside of the School of Journalism to be invited to hear Hannah Mitchell Danskin, nationally-known woman journalist, who has been chosen as this year's Matrix Table speaker.

Other guests will include a number of Missoula women, active and alumnae members of Theta Sigma Phi, and several upperclasswomen majoring in journalism.

Matrix Table is a national institution of Theta Sigma Phi, national professional fraternity for women in journalism. This is the second to be held at the State University. Mrs. Danskin, the speaker of the evening, because of her many years of experience as Washington correspondent for the New York Tribune and as editor of a weekly newspaper, is well qualified to address a group of women who are interested in any of the business or professional fields.

The Matrix Table is to be a formal dinner at the Florence Tuesday, April 12. Admission will be by invitation only. There will be a cover charge.

## Spurs Contemplate New Tapping System

### Tanan of Spur Consider Tapping in Spring Instead of Fall

Tanan of Spur is considering the advisability of a ruling which will result in choosing new members in the spring, rather than the fall, of each year. At the meeting, Thursday, March 23, it was suggested that the new Spurs be tapped in May during interscholastic week.

If this plan goes into effect, it will be necessary to waive a tradition which originated in 1920 when the local organization of Tanan was established at the State University. Since that time, it has been customary to tap the new members at the first important athletic event of each school year.

Last year, when Tanan was admitted to membership by Spur, national sophomore women's organization, it was discovered that this division is the only one which chooses its new members in the fall, so the State University tradition may be replaced by the customs of the Spur organization.

## Notices

Seniors and faculty members in the Department of English planning to attend the banquet to be held Thursday evening at 6:15 o'clock at the Chimney Corner must sign the bulletin board in the Library building before 6 o'clock Wednesday. At this time senior examinations will be discussed.

## Some Commuter!

R. O. T. C. may seem like a hardship to some of the students at the State University but not apparently to William C. Orr, the newly-appointed student major of the local unit.

Orr, whose home is in Dillon, does not take any other course at the State University. In fact, he does not even live in Missoula. He drives over from Dillon, a distance of nearly two hundred miles, every Monday to take his place in the ranks of the student officers.

## Angus Casts Roles For Quarter's Plays

### Five Dramas Have Been Selected for Presentation

Casting, under the direction of William Angus, has commenced in the Little Theater for one of the busiest seasons the Montana Masquers have ever attempted, with more than fifty parts to be filled by campus talent.

Productions scheduled for this quarter and the dates of their presentation include "The Hairy Ape," by Eugene O'Neill, April 7; three one-acts: "Bumplepuppy," by J. W. Rogers; "A Wedding," by John Kirkpatrick, and "Thursday Evening," all to be presented April 21; and a three-act comedy, "The Far-Off Hills," by Lennox Robinson, April 29-30.

"The Hairy Ape" is the only production in which the cast definitely has been selected.

Supplementary to the programs above, the Masquers will aid in staging the May Fete, June 3, and will also sponsor the state-wide Little Theater tournament May 11, at which time they will stage 18 one-act plays the same afternoon.

"Casting is proceeding rather slowly," stated Director Angus. "This is due to the large amount of applicants we have for available parts."

The cast for "The Far-Off Hills" will be announced Friday.

## Spring Fancies

### Advance Registration During Cold Wave Brings Drop Cards As Spring Season Opens

Two hundred and ninety-one students of the 1,310 individuals who have registered for spring quarter have already found occasion to change their minds about their registration. That is the number of drop and add cards that were filed before Saturday noon in the Registrar's office. In other words, the minds of this campus are 22 plus per cent changeable.

Of the cards filed, 116 persons decided to drop one course and add another. Sixty-four students dropped just one course, and 46 added a course. Twenty-one students dropped two courses and added two different courses, and 22 dropped one course and added two courses.

Three students changed their minds to the extent of dropping two courses, and three others decided to add two courses. Six persons dropped two courses and added one; four students dropped three courses and supplemented three other courses. Three individuals dropped three courses, and added two others, but only one dropped two courses and added three others. One scholar dropped three courses and supplemented one in its place, but only one dropped three courses.

## Bealer Receives Two Rare History Texts

### Volumes Are Copies of the Original Manuscript of Miranda

Lewis W. Bealer of the Department of History has received from the government of Venezuela two more volumes of Archivo de Miranda. Six volumes were sent some time ago, and more are expected in the future. These volumes are being compiled by Dr. Carlos Davila, keeper of the archives for the Venezuelan government, from the 62 volumes of the original manuscript of Miranda.

The volumes deal with the history of Venezuela; Miranda in Russia, the United States and the French Revolution. These are the first copies of the works that have been made available. Previous to this time the original manuscript had been the only copy in existence.

### CLUB WILL MEET

Students in the School of Business Administration will hold the first of a series of six discussions of business ethics tomorrow evening at 7:30 o'clock in Craig hall. All students of the State University are invited to attend these discussions.

Lotus McKelvie, Anaconda, spent the week-end at her home.

## Group Will Give One-Act French Play at Meeting

### Program Will Include French Songs Sung by Mrs. Walter McLeod Of Missoula

Emma Bravo, Sand Coulee; Eleanore MacDonald, Yellowstone Park; Sylvia Sweetman, Billings; Russell La Fond, Milltown; Raymond Krause, Missoula, and George Boileau, Milltown, will present a one-act play, "La Joie Fait Peur," at the meeting of the Cercle du Chevalier de la Verendrye Thursday evening at 7:30 o'clock at the home of Virginia Weisel, 105 Connel avenue.

A special feature of the program will be French songs sung by Mrs. Walter McLeod of Missoula. The hostess also will tell of her travels last year in Europe.

Mrs. Arnoldson recently wrote asking permission to use a Punch and Judy play in the puppet shows which the club is giving. She has received permission from the author, James J. Hayes, to do so. He also asked if she would submit to him for publication, pictures and reports of the work accomplished. The local French club is one of the few of its kind which is pursuing this extra-curricular work.

## Inter-Church Group Will Go to Butte

### Sixteen Delegates Will Represent Local Group on Week-end Trip

The Inter-church Fellowship group of the State University will send a delegation of 16 members to Butte on Saturday, April 2. The delegates will be distributed to the different churches in Butte where they will give talks and musical programs. A forum on religion will also be held. On Sunday, April 3, a united service of song and worship will be held in the Butte Presbyterian church.

Because cars cannot take all members of the group to Butte, only those members who had already prepared their speeches and musical numbers can be accommodated.

During the past few weeks, the group has been active in its gospel team work, sending delegations to Plains, Superior and Alberton. In these places, the delegates gave services of song and worship. Those who made the trip to Plains on Sunday, March 13, are: Orval Dreisbach, Joy Browning, Louise Kemp, Mary Dohi, Joe Simangan, Margaret Lease, Nemesio Borge, Max Baerger and Rev. and Mrs. Jesse W. Bunch.

Those who made the trip to Superior and Alberton on Sunday, March 20, were Mary Castles, Joe Simangan, Nemesio Borge and Reverend Bunch. "On both the last two occasions," Reverend Bunch declared, "the services were well attended and we had a fine hearing. The churches were packed to capacity."

## Pan-Hellenic Group Plans Annual Formal

Pan-Hellenic council will hold its annual formal dance Friday, April 8, at the old Country club. George Boyington and his orchestra will furnish the music.

The following committees have been chosen to make arrangements for the dance: hall, Eleanor Kaatz; decorations, Jane Nash, Eliza Huffman, Betty Strand, Marion Davis, Loisjane Stephenson; programs and tickets, Hazel Borders, Margaret McKay, Elizabeth Farmer; chaperons, Julia Patten, Maude Evelyn Lehsou, Rhoda Congill; refreshments, Jane Adams, Kathleen Dunn, Hazel Larson.

### MANY STUDENTS ENROLL IN NEW TEACHING CLASS

"Methods of teaching commercial subjects, a new course offered for the first time this quarter by the Department of Business Administration, is proving quite popular with the students," said Emily Maclay, instructor in the department.

Miss Maclay stated in referring to the new course that "not only graduating students in business administration and those working for certification of qualification to teach but also majors in other departments who wish to use the work as a minor are taking the course."

The class meets each Monday, Wednesday and Friday at 9 o'clock in Craig hall.

James Nutter of Helena has been confined to the hospital for the past few days with tonsillitis.

Virginia Rigney of Laurel did not return to school this quarter.

Eddie Astle is confined to the infirmary in South hall.

education seminars in several fields. The Montana Conference on Educational Problems which will meet during the fourth week of the session in connection with the work of the School of Education, will deal with problems of this and other states in administration, supervision, elementary education, secondary education, school finance, school health, vocational guidance, general and special methods. The conference will consist of round table discussions, investigations and the outline of techniques and other procedures. Dr. L. D. Coffman, president of the University of Minnesota, will be a visiting speaker at this conference.

The staff of the Department of English includes Professors H. G. Merriam, Frances Corbin and Lucia B. Mirrielees; visiting Professors, B. A. Botkin, Alexander Dean and Vardis Fisher; assistant professors, William Angus, Rufus A. Coleman and Brassil Fitzgerald and Darrell Parker, instructor. The courses offered include work in public speech, composition, acting and stage directing, American literature, American essays, early American drama, general literature, Elizabethan drama, modern fiction, Ibsen or Tchekov, Chaucer or the history of the English language, and seminar work. Besides these courses, work in the writing of short stories, verse and novels will be offered.

### Writers' Conference

A conference for writers will be held for three days during the fifth week of the summer session, in connection with a six weeks' school of writing. The writers' conference will give writers of all kinds an opportunity to have classes and conferences with well-known authors and publishers.

The Department of Fine Arts offers courses for the first six weeks of the summer session only. C. H. Reidell will be professor of the department and his courses will include elementary drawing, color and design, advanced drawing and painting, and history and appreciation of art.

The Department of Foreign Languages includes Professors F. C. Scheuch and W. P. Clark, associate professor R. O. Hoffman and Paul Bischoff, instructor, on its staff. Courses in French, Spanish, German, Latin and Greek will be offered.

Dr. J. P. Rowe, professor in the Department of Geology, offers two undergraduate courses, elementary geology and geography and natural resources of Montana, during the first six weeks of the summer session. Independent work in geology may be undertaken under Dr. Rowe's supervision.

In the Department of History and Political Science, Professors J. E. Miller and E. E. Bennett, assistant professor, offer the following courses: United States history 1789-1865, American colonies 1600-1776, Montana history and government, medieval civilization, present world problems, seminar in American history and seminar in European history.

### Home Economics

The Department of Home Economics of which Helen Gleason is professor, offers: Methods of teaching home economics, house planning and furnishing, and independent work in home economics. Work in this department is for the first six weeks only.

In the School of Journalism, Dean A. L. Stone and Andrew Cogswell and Charles W. Hardy, instructors, will offer courses in elements of journalism, current events, the country newspaper, and independent work in journalism.

Philip O. Keeney, professor of the department of library practice, offers a course in organization and administration of small libraries, which emphasizes high school library work.

Dr. N. J. Lennes, professor in the Department of Mathematics, and Theo Donnelly, visiting professor in the department, will offer courses in intermediate algebra, survey of college mathematics, teaching of secondary mathematics and independent work in mathematics.

## Druids Initiate Four Pledges Wednesday

### Swearingin, Renshaw, Brown, Young Join Forestry Organization

Druids, men's honorary forestry organization, held a formal initiation for four men in Pattee canyon Wednesday, March 23. Approximately twenty-five men attended. This was the last meeting of the school year.

The men who were initiated were: T. C. Swearingin, maintenance engineer, Missoula; James Renshaw, Missoula; Dudley Brown, Palo Alto, Cal.; Earl Young, Chattaroy, Wash.

Prof. Fay G. Clark talked to the men after the initiation ceremony. Final arrangements were made for the annual spring formal which will be given on Saturday, April 2, at the Elks Temple. Those in charge of the dance are: Lawrence Neff, chairman, Missoula; Mark Lawrence, Missoula, and Edward Dobrinz, Fargo, N. D.

Refreshments were served at the conclusion of the meeting.

The first six weeks only. The staff includes Professors DeLoss Smith, Florence R. Smith, and A. H. Weisberg, Associate Professor John Crowder and Assistant Professors Marguerite Hood and Bernice Ramskill. Courses include individual lessons in voice, piano, violin and organ; class piano methods, class violin methods, introductory music, music education, music appreciation and recital lectures.

The Department of Physical Education has on its staff Professors W. E. Schreiber, Bernard F. Oakes and J. W. Stewart, and Instructor Harry Adams. The courses offered include professional and practical courses in first aid, corrective and medical gymnastics and swimming, and the coaching school courses: training and athletic injuries, intramural athletics, organization and management of athletics, football, basketball, track and field athletics.

The Department of Psychology, which includes Professor F. O. Smith and visiting Professor I. N. Madsen on its staff, offers courses in general psychology, problems in psychology, psychology of handicapped children, abnormal psychology, research, mental measurements and independent work in psychology.
